## Profile

Currently studying in Manipal Institute Of Technology (3rd Year) in Information Technology and have been developing web-based solutions & cross-platform mobile applications using React native or the JAVA for android.

Apart from developing I am a fitness freak and love to play soccer, basketball and training for Muay Thai (Form of martial art).

I like to share knowledge and I have been a speaker at my college where I gave some talks & conduct workshop's regarding various topics.

## Experience

**Freelancer project's (2014 - 2015)**

Various web-based solutions and plethora of Android (Java) projects.

**Google Summer of code (2016 March - 2016 September)**

Worked as a lead Android application developer for Zulip, Kandra Labs.

In which I redesigned their whole project, replaced all old deprecated libraries.

And now managing their repository and reviewing the current contribution going on.

Blog Link: <http://kunall17.com/gsoc/gsoc16>

**Mentor at Google Code In (2016 November - 2017 January)**

Guided some students to contribute to the Android project for the Zulip Organization.

**Outreachy mentor for android project (2016 December - 2017 March)**

Mentored an android developer for the Zulip organization.

Link: <https://wiki.gnome.org/Outreachy/2016/DecemberMarch#Zulip>

**Finalists in state-level B-plan competition organized by MUTBI (2017 March)**

My team Pulkus was selected for the final round of the competition.

**Google summer of Code (2017 March - 2017 September)**

Worked as a react native cross-platform mobile application developer.

Link: <http://kunall17.com/gsoc/gsoc17>

**Attended Pycon developer conference, Portland, US (2017 May)**

Sponsored by Zulip organization Zulip in which I have contributed throughout.

**Contract for Zulip Open Source Developer on an hourly basis (2017 September)**

Working as a software developer in the react native project.

**Talk on Git, Open source, Github, GSOC (2017 October)**

Gave a talk/workshop in college about these topics.

**Github campus expert (2017 November)**

Got selected to be the GitHub campus expert from Manipal, India.
